

Global Career Development with CEA CAPA

In today's world, it's more important than ever to secure a job upon graduation that is personally meaningful and aligns to your professional and personal objectives. To support you in getting there, CEA CAPA offers two distinct career development opportunities for students at Providence College: Global Internships and Global Business Consulting.

CEA CAPA Global Internships

WHAT GLOBAL INTERNSHIP STUDENTS GAIN

A Transformational Career Readiness Experience

- Engage with certified career coaches to help clarify and define your career pathways
- Experience what it takes to succeed in your chosen career field
- Expand your capacity to work across and within unique global and cultural contexts

Boundless Personal Discoveries

- Develop self-confidence, resilience, independence, and intercultural awareness
- Build lifelong new friendships and global connections
- Explore what brings meaning to your personal and professional pursuits

Unmatched Professional Growth

- Differentiate yourself as a job candidate
- Build your international career network
- Refine important career skills like communication, leadership, and teamwork within a global context
- Take your classroom learning to the next level by applying the theory to practical, real world professional experiences

CEA CAPA Global Business Consulting

WHAT GLOBAL BUSINESS CONSULTING STUDENTS GAIN

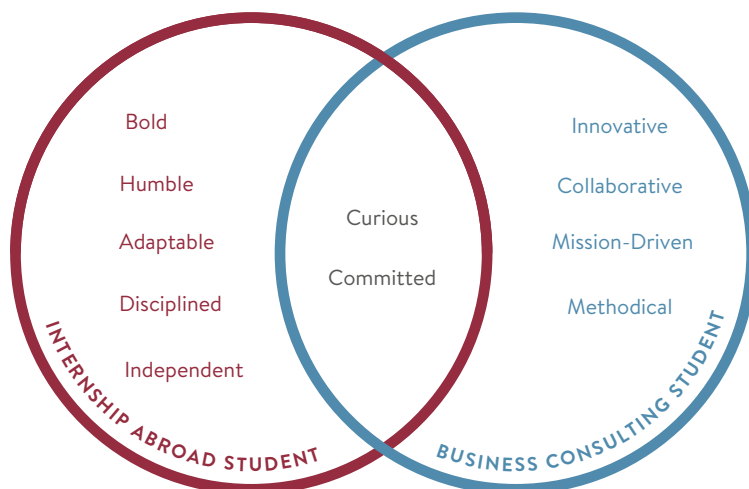

You will be challenged to synthesize the nature and rigor of business consulting as practiced in the field by building skills such as:

- | | |
|-------------------------------------------------|-----------------------------------------------------------|
| ► Business Proposal Design | ► Leadership |
| ► Cross-Cultural Client Relationship Management | ► Teamwork |
| ► Creative Problem Solving | ► Time Management |
| ► Critical Thinking | ► Effective Communication through Compelling Storytelling |
| ► Qualitative/Quantitative Research Skills | |

To succeed in the 21st century workplace, employers highlight that critical thinking and problem solving skills are categorically the most important competencies they are seeking in quality employees. Teamwork is also among the top five competencies employers are seeking. Business Consulting encourages you to strengthen each of these skills by engaging in project-based learning with business enterprises abroad. In small consulting teams, you will generate solutions to real-world business problems.

Who is an Ideal CEA Internship Abroad Student vs. an Ideal Global Business Consulting Student?
